

Data Sheet

Model 205
Universal Cable Tester

The B+K Precision Model 205 Universal Cable / Harness Tester tests just about any cable or harness in fractions of a second. It is a compact, stand-alone unit that can be used for any type of wired assembly. Opens, shorts and miswires are detected immediately. The universal adapter card offers outstanding flexibility and convenience, ready to accept any of the industry's 22 most popular connector styles. A crisp, easy-to-read LCD instantly indicates good or faulty connections and the included probe pin-points the trouble spot.

- Detects opens, shorts and miswires
- Test up to 128 points in a fraction of a second
- Universal Adapter Card accepts most popular connectors
- Includes single wire test probe
- Stores up to 50 test programs
- Printer interface for wire listing
- Spare PCB test board assemblies optional (205-PCB)
